### **REASONS FOR ALLOWANCE**

(1)

The following is an examiner's statement of reasons for allowance: The closest prior art of record, Fletemier et al. and Romesberg et al., disclose making headliner by laminating layers and molding the laminated layers. The prior art of record does not disclose or suggest, prior to molding layers to form a headliner, the steps of overlaying cover material onto a substrate and at least partially separating the cover material from the substrate during the overlaying, clamping the cover material and substrate separately and unclamping the substrate while the cover material remains clamped.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
